Medical Treatment Facility to hold open house

By Roger McKinney, Reporter

Jared Perkins addressed the city council regarding a Plum Creek Christian Church outreach project that will soon open in Falmouth. The church is purchasing the building located at 707 Shelby Street and will employ it to provide medical treatment as well as tutoring services for kindergarten through third grade. A woman's counseling service is also being planned. An open house will be held from 3-5 p.m. on December 7, 2014. A ribbon cutting ceremony will be conducted at 4 p.m. The facility will initially be open on Fridays only and will start providing services in early January of 2015. Medical treatment will be administrated by Pendleton County High School graduate Dr. Jerry Tolbert.

Falmouth Mayor Mark Hart said he was concerned about the possibility that the Falmouth School Center might be sold and turned into an apartment complex. The mayor said that such an action could lower the property values in the surrounding area. Falmouth Zoning Administrator Brian Thompson said that the city's zoning ordinance only allowed apartments to be constructed on the third floor of that building. Mayor Hart asked if further restrictions could be applied to regulate the use of the School Center after purchase. Brian Thompson said the structure might qualify for historical designation. A motion was passed that directed the zoning administrator to submit an application to the Pendleton County Planning Commission asking that the School Center be designated as historically significant.

Other business conducted by the Falmouth City Council in the November 20, 2014 meeting:

Stacey Wells discussed a water billing issue with the mayor and city council. To resolve the matter City Attorney Henry Watson III will consult the Public Service Commission in Frankfort.

- Approved the first reading of a city sewer system usage ordinance
- Approved a resolution accepting a grant that will fund a Robbins Avenue/Southern Elementary School Sidewalk Construction Project. The resolution also authorizes the mayor of Falmouth to execute the grant agreement.
- Discussed the progress of Klee Property development
- Approved a resolution authorizing the mayor of Falmouth to execute a lease agreement with the county that

Further Falmouth to hold ribbon cutting ceremony

Falmouth and Pendleton County residents will be able to preview the services that will be offered at Further Falmouth, a new community and wellness center located at 707 Shelby Street in Falmouth, from 3-5 p.m. on December 7. Guests will enjoy holiday treats, coffee and hot chocolate while learning more about this new community venture. Ribbon cutting will take place at 4 p.m.

Further Falmouth is the culmination of years of collaborative effort between the city of Falmouth, local organizations and churches, and community individuals. Dr. Gerry Tolbert and Mayor Mark Hart developed the idea and are

now seeing it come to reality.

Originally, the goal of this project was to bring an "urgent care" type medical facility to the city. After researching the idea, the best option became to create a free medical clinic. Under Dr. Tolbert's leadership, Further Falmouth's wellness center will see patients suffering from chronic and acute illness. Patients won't have to pay for services, but will be encouraged to "pay it forward" by helping their neighbors with needs they might have.

Further Falmouth will be more than just a medical clinic. Through partnership

board meetings and answered questions that had been raised by Nordheim.

Superintendent Strong addressed statements made in Nordheim's blog that he said required clarification. The clarifications were in regards to expenses from district that did not list all amounts spent in the areas listed. Todd Schafer presents "A Crooner Christmas"

A wonderful way to get yourself in the spirit of Christmas would be by attending "A Crooner Christmas" IX from 3-5 p.m. on Sunday, December 7 at the Alexandria Community Center.

Todd Schafer, Jerry Moore, Todd Whitford and a special surprise vocal guest will be performing Christmas songs and songs that were sung by your favorite crooners in years past.

From Sinatra to Crosby, from pop to country, plus a special group of Christmas gospel will all be performed.

Todd Schafer has strong ties to the community through his grandparents John and Nellie Keith, who were lifetime residents of Pendleton County. His parents, Lee and Joyce Schafer also grew up in Pendleton

and Campbell counties until Todd was born and they moved to Louisville.

While growing up, Todd performed for many churches in the area as well as senior events. In the late 1970s he performed with Lawrence Welk on several occasions. He has also performed the national anthem for many major colleges including UK during the NCAA Regionals, U of L, Xavier, and opened UC at Shoemaker Arena now known as Fifth Third Arena.

For nearly a decade, Todd has lived with a 17 to 20% ejection factor resulting from congestive heart failure/cardiomyopathy and atrial fib. God allows him to perform this program year after year.

Come hear your favorite Crooner tunes and get your Christmas spirit brightened

with beautiful renditions of "Let it Snow" and "White Christmas" to "Your Cheatin' Heart" to "Release Me" to "Maria" to "Amazing Grace." There is sure to be something for everyone!

As always, admission is free with a free will offering collected to help less fortunate individuals and families in the area as well as the many medical bills that Todd has incurred in the past few months and those he will incur in the near future due to a recent heart attack.

Santa will be in attendance and there will be free candy canes, cookies, hot chocolate, coffee and soft drinks.

Be sure to come out and enjoy "A Crooner Christmas" while supporting a pair of great causes. Hope to see you there!

NOTICE

Please take notice that Duke Energy Kentucky, Inc. has applied to the Kentucky Public Service Commission for approval to revise its Demand Side Management (DSM) rate for electric service and gas service for residential and commercial customers. Duke Energy Kentucky's current monthly DSM rate for residential gas customers is \$0.054918 per hundred cubic feet and for non-residential gas customers is \$0.000000 per hundred cubic feet. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is \$0.003062 per kilowatt-hour and for non-residential customers is \$0.001128 per kilowatt-hour for distribution service and \$0.000848 per kilowatt-hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential gas customers would increase to \$0.111800 per hundred cubic feet and for non-residential gas customers would remain at \$0.000000 per hundred cubic feet. Duke Energy Kentucky's monthly DSM rate for residential electric customers would increase to \$0.004652 per kilowatt-hour and for non-residential customers would increase to \$0.001654 per kilowatt-hour for distribution service and would decrease to \$0.000161 per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed increase in electric revenues of approximately \$1.83 million or 0.54% over current total electric revenues and an increase of \$3.62 million or 3.08% over current gas revenues.

A typical residential gas customer using 70 ccf in a month will see an increase of \$3.98 or 4.77%. A typical residential electric customer using 1000 kWh in a month will see an increase of \$1.59 or 1.80%. A typical non-residential electric customer using 40 kilowatts and 14,000 kWh will see an increase of \$7.37 or 0.62%. Non-residential gas customers and non-residential electric customers served at transmission voltage will see no change in their bills from this application.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 4580 Olympic Boulevard, Erlanger, Kentucky 41018 and on its website at <http://www.duke-energy.com>. This filing and any other related documents can be found on the Public Service Commission's website at <http://psc.ky.gov>.

Baked cream sticks with Daniel's favorite icing

The Amish

By Gloria Yoder

Hello to you all!
How can one describe the miracle of a birth, a newborn, a young soul who will live throughout all eternity? I have often wondered why God ever trusts us humans with innocent little ones, ready to be shaped and molded, taught and trained? Oh, for wisdom from God to lead our little ones in His ways.

Yes, it's true, our little one has arrived! We're blessed beyond measure. Austin Daniel was born on October 30, flooding our hearts with joy. We are totally delighted with a little boy. It's especially fun for me to see my husband, Daniel, with a son.

Weighing less than 7 pounds at birth, he's still a very tiny bundle. He seems to be doing very well and is rapidly gaining more weight. I love the newborn stage. I try to enjoy and savor each moment. After all, they grow up so fast.

Our three-year-old daughter Julia seems to be adapting well to a new little one in the family. I tell her she's Austin's big sister and Mom's helper. She runs a lots of little errands for me, such as fetching his pacifier, burp cloth, diaper, or whatever I need. After Austin was born she almost cried. She said: "I wanted a girl!" Thankfully she is now delighted to have him as a boy and would rather have a brother than a sister! A special and hearty thank you to all of you who

sent cards and notes after my birthday and Austin's birth. I was quite surprised and have enjoyed reading them very much. May you be blessed.

My husband Daniel's sister Mary from Ohio is here helping us for several weeks. She has been a tremendous blessing. It helps me relax to have someone go ahead with whatever needs to be done around here. She does a wonderful job with the children as well as other tasks. Last week she made a huge batch of barbecue sauce with tomatoes that I had stuck in the freezer this summer.

The other day she asked Daniel if there's anything he's hungry for or that she could make for us before she returns home.

"Creamsticks!" was Daniel's quick response.

"Okay, let's plan on it. What if I'd prepare the dough in the afternoon and when you come home from work we can all help each other make them?" Mary suggested.

Daniel was all for that. Have you ever heard of baking creamsticks instead of deep frying them? Of course I love to have them deep fried, at the same time I like the thought of using less grease. It's definitely easier and less mess to clean up afterwards if you bake them instead.

Making cream sticks is something I enjoy doing with family or friends. Here is our recipe:

Ingredients:

- 1 cup shortening
- 1 1/4 cup mashed potatoes
- 1 quart milk, scalded
- 1 cup sugar
- 1 tablespoon salt
- 1/2 cup warm water
- 3 packages yeast
- 1 tablespoon sugar
- 6 eggs, beaten
- 11-12 cups flour

Filling:

BAKED CREAM STICKS

- 2 cups milk
- 6 tablespoons clear jel*
- pinch salt
- 2 teaspoons vanilla
- 2 cups sugar
- 1 1/2 cups Crisco

Caramel Icing:

- 1/2 cup butter
- 1 cup brown sugar
- 1/4 cup milk
- 2 cups powder sugar

Directions:

In a large bowl put shortening, potatoes, milk, sugar and salt. Stir until shortening and sugar are dissolved. Put warm water, yeast, and 1 tablespoon sugar in a small bowl. Add eggs and yeast to first mixture. Stir in enough flour until dough is not sticky. Cover let rise until double. Roll out dough. Cut in 1 x 3 inch strips. Let rise until double. Bake at 350° for 15-20 minutes. Let set until they are cold. Cut a slit on top and put in filling. Then top with favorite icing.

Filling:

Combine milk, clear jel, and salt in saucepan. Cook until thick. Add vanilla and cool. Cream together sugar and Crisco. Mix with cold cooked mixture and mix well.

Caramel Icing:

Melt butter, add sugar and cook over low heat for two minutes, stirring. Add milk and stir until it boils. Cool. Add powdered sugar.

*Clear jel is a thickener which can be found in most bulk food stores. If you don't have access to clear jel, cornstarch can be an appropriate substitute.

The Commonwealth's Attorney's Office for the 18th Judicial Circuit is responsible for prosecuting felony criminal offenses in Harrison, Nicholas, Pendleton, and Robertson Counties. Douglas Miller, your current Commonwealth's Attorney, has served in that elected position since 2009. My name is Michael Laws, and I am your Assistant Commonwealth's Attorney. In other words, I am the assistant felony prosecutor in your county. I have served in this position since I was appointed by former Commonwealth's Attorney Douglas Wright in 2006.

My plan for "A Prosecutor's Perspective" is to compose a monthly article which will explain some of the procedures in our office and in the criminal justice system. The idea for this column came from people like you who have questions about how our judicial system works and how criminal cases are handled from start to finish. Due in part to the drastic increase in drug-related crimes in our four counties, many of

A PROSECUTOR'S PERSPECTIVE

you have developed an interest in the criminal justice system. This interest may have come from your experience as a witness, a victim, a family member of an involved party, a juror, or simply as a concerned citizen who follows the cases in the newspaper or on television.

There are many factors that must be considered during the prosecution of a particular case, and these factors greatly affect the outcome. These factors are not always either readily apparent or discussed with the community. I know that this can often be frustrating, and that frustration is one of the reasons that I am writing this column. My intent is for you to gain a better understanding of our criminal justice system.

Over the next few months, I will talk with you about what constitutes a felony, how a case ends up in our office, and how cases are ultimately resolved. However, providing information about the legal process is only one of the reasons for this column. I am writing this

column to not only provide some insight into the inner workings of your justice system but also to open up a discussion with you and the other members of our community. With an avenue for feedback from the community, our office will be able to address existing concerns and explain the limitations and rules under which we operate. Unfortunately, legal and ethical guidelines prevent me from discussing or answering questions about specific pending cases from our Circuit, but I will attempt to address some common questions and any feedback received from you about this column.

It is my hope that our office can better serve you by exchanging ideas and information. Please join me in the discussion by sharing your ideas for future articles with me, visiting our Facebook page (www.facebook.com/18thjc), emailing us at 18thjc@prosecutors.ky.gov, or calling me directly at 859-235-0387, Ext. 224.

ADAM H. EDELEN
AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky
 Honorable Steven L. Beshear, Governor
 Lori H. Flanery, Secretary
 Finance and Administration Cabinet
 Honorable Henry Bertram, Pendleton County Judge/Executive
 Honorable Charles Peoples, Pendleton County Sheriff
 Members of the Pendleton County Fiscal Court

Independent Auditor's Report

Report on the Financial Statement
 We have audited the Pendleton County Sheriff's Settlement - 2013 Taxes for the period April 16, 2013 through April 15, 2014 - regulatory basis, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement
 Management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
 Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the *Audit Guide for Sheriff's Tax Settlements* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles
 As described in Note 1 of the financial statement, the financial statement is prepared by the County Sheriff on the basis of the accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
 In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County Sheriff, as of April 15, 2014, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting
 In our opinion, the financial statement referred to above presents fairly, in all material respects, the taxes charged, credited, and paid for the period April 16, 2013 through April 15, 2014 of the Pendleton County Sheriff, in accordance with the basis of accounting practices prescribed or permitted by the Commonwealth of Kentucky as described in Note 1.

Other Reporting Required by Government Auditing Standards
 In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2014 on our consideration of the Pendleton County Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Pendleton County Sheriff's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control over financial reporting and compliance.

Based on the results of our audit, we have presented the accompanying comment and recommendation, included herein, which discusses the following report comment:
 2013-01 The Sheriff's Office Lacks Adequate Segregation Of Duties Over Tax Receipts And Disbursements

Respectfully submitted,

 Adam H. Edelen

RELIGION

BLANKET CREEK

We welcomed Bro. Joe back from his vacation with a special handmade gift to show our appreciation for all he does for us and the church. Scripture was taken from Matthew 11:28. Jesus tells us to come to Him and lay all our burdens down at His feet. There is no burden too big or too small for Him to handle. People can grow cold in their love for one another but Jesus' love never grows cold. If you don't know where to start learning about God's love and promises for you go to His word. Jesus wants us to accept Him as our Savior. It is the only way to fill the hole in your heart.

We added Kaylee Green, Mason Monroe to the prayer list and the family of Dolly Robinson. If you don't have a church home come visit us on Broadford Rd. in Falmouth.

CHAPEL OF PRAISE

The congregation enjoyed "hanging of the greens" on Saturday, November 22. Sister Carmen Williams lead the Church in singing some of the Christmas classics as we decorated the sanctuary. Sister Alta Hamilton prepared hot chocolate and there was plenty of fellowship enjoyed by all.

Pastor Kevin's Thanksgiving message was preached from the book of Colossians chapter 3. For the Christian, everyday should be a day of thanksgiving unto the Lord for all of His wonderful blessings and provisions.

We must bear in mind, when we are praising the Lord and being thankful to Him, our worries ceases.

Thanksgiving is an amazing medicine! We need to always have an attitude of gratitude!

Our Christmas candle light service will be held December 7, at 5 p.m.

FALMOUTH BAPTIST

Greetings and Blessings from the Falmouth Baptist Church. Our hope is that you had a wonderful Thanksgiving and that you are looking forward to an amazing Christmas season.

Bro. Cohen's message was about thanks and about giving - giving with an attitude of thanks. In 2 Corinthians 9, we learn that our attitude when we give is more important than the amount we give. We should have thanks in our heart when we give to the Lord. We should look for opportunities to give to others. Paul emphasizes that we should not expect to become wealthy through giving. Those who re-

ceive our gifts will be helped, will praise God, and will pray for us. As we bless others, we will be blessed. Thanks be to God for his indescribable gift!

The annual White Christmas will be held here on Sunday evening, December 14. Come join our community worship service.

FALMOUTH CHRISTIAN

Brother Rick's message was from I Chronicles 4:9-10 titled, "The Prayer of Jabez."

Jabez was more distinguished than any of his brothers. His mother named him Jabez because she had such a hard time at his birth (Jabez means "Distress.")

He was the one who prayed to God of Israel, "Oh, that you would bless me and help me in my work. Please be with me in all that I do, and keep me from all evil." God granted his request.

In order to have an effective prayer, we must be honorable. Charles Stanley said, "Prayer is life's greatest time saver." This is the greatest day, and tomorrow will be greater.

FALMOUTH WESLEYAN

Pastor Nick's message was from Hebrews 2:14-16. The reason Jesus chose to become like one of us should make us exceedingly thankful. He became one of us to die. His destiny was the cross and His goal was our redemption. He chose to obey the will of God while knowing what it would lead to. He also came to destroy the dominion of the devil and his influence in our lives. Lastly, Jesus chose to be like one of us to deliver us from the fear of death. Not only the fear of death, but also serving that fear. We ought to be "about my Father's business" just as Jesus was, yet many Christians are afraid to live a life of complete obedience to God.

There was approximately eight churches represented at the Thanksgiving service Sunday evening. Everyone had a wonderful time giving thanks, and worshipping Jesus Christ!

FIRST BAPTIST

Abram Crozier blessed us with special music on this beautiful Sunday morning. Bro. Harry's message, "Thanksgiving," was taken from Psalms. By the time this article comes out, Thanksgiving 2014 will already be past. We gather with family and friends, enjoy good food, and give thanks for what we have. This should not be the only day we give God the glory. God is our shepherd, we are His sheep. Everything we have comes

from God. Thank Him everyday for the blessings He has bestowed on us.

Each week we seem to add to our prayer list. Pray for the lost, that they find Jesus, the sick, that they be healed, and those who have lost loved ones, that they find comfort.

"What if you woke up today with only the things you thanked God for today?"

HARVEST COMMUNITY

Are you content in any circumstances you face? Do you have great needs, or are you discontented because you don't have what you want? Learn to rely on God's promises and Christ's power to help you be content. God will supply all your needs, but in a way that he knows is best for you. (Proverbs 17:1)

The sanctuary is beautifully decorated for the Christmas season, many thanks to all who helped. Come join us for our Christmas Eve candlelight service and celebrate in the birth of our Lord and Savior as the youth perform in a shadow drama.

Prayer concerns: Mark Perkins, Keri Pettit, Rusty Robbins, Katie Chaplin, Teresa Rick and Pat Ray.

We invite you to come visit with us; Sundays - Bible study 9:30 a.m., worship 10:30 a.m. and 6 p.m. and Wednesday prayer service 6 p.m. at 111 E. Shelby St. Youth meetings; Sundays and Wednesdays at 6 p.m.

MORGAN CHRISTIAN

What a Blessing our church service was this morning! Josie, Brenli, Matali, Riley, Easton, Levi, Destiny, Liam, Bailey, Ellie and Zoey lead our worship service this morning. They sang, quoted Bible scripture, told why they were thankful and asked several adults to tell why they were thankful. Adults April LeCrone, Caitlin Ramsey, Alison Moore and Steve Work assisted them. Ages ranged from 7 years to 6 months. Jesus said "Let the little children come unto me."

Children's Moment was also about being thankful. Kathie used a ball with thankful things inscribed on it to stress being grateful for our many blessings. Celebrate Thanksgiving with a thankful heart.

Our adoptive family's ornaments are on the tree for anyone wishing to take one.

If you don't have a church home, come join us for Sunday school at 10 a.m. and worship service at 11 a.m.

I never knew God was all I needed till God was all I had.

MT. MORIAH

We had a special treat when the children sang a beautiful Thanksgiving song. We are so blessed by the young people in our church. We also had a special shoe box dedication. Brother Darrel brought a message about "bitterness." We should never allow bitterness to take root in our lives. If you do, bitterness will rob you of your joy. Where "bitterness" is, the devil rules. Don't let him have space in your heart. Focus on the advent season of hope, peace, joy, and love.

We added many to our prayer list this week including, the family of Paula Wolfe, Marlena Brown, Mike Russell, Velma Steele, Latisha, our military away from home for the holidays.

We are really having a great time at group Bible study, Wednesday 7 p.m., all are welcome. Sunday school at 10 a.m. service at 10:45. Please join us.

NEW HOPE

What causes some to ignore Jesus Christ? Nearly 2,000 years ago there was a man named Herod who was a king. This king was told about the birth of Jesus Christ, the Messiah that God had promised. Instead of being happy, he was afraid. This new "King of the Jews" was a threat to his power. His power was all that was important. Instead of worshipping Jesus, he tried to kill Jesus. Herod died and had to face the judgment of God for his actions.

Some are like Herod today. They hear about the Messiah and what He has done for them. Instead of being happy, they see the threat to their way of life. They see the sin they have to give up. One day those people will have to die and face judgment. They will do this without the help of Christ and they will face punishment.

NEW ZION

1 Corinthians 13:3 (And though I bestow all my goods to

feed the poor, and though I give my body to be burned, and have not charity, it profiteth me nothing.)

Please remember in prayer Janet Bishop, John Thomas, Hannah Perkins, Tina Cochran, Mark Branham, Kathy Brashear, Carl Buntain, Bill and Alice Brown and Darlene Hornsby. Also remember to pray for our country and its leaders.

OAKLAND CHRISTIAN

PLEASANT RIDGE

Happy Birthday Tracy Gosney and Tori Moore.

Bro. Rick's message was from Luke 17:11-19.

There were ten men with leprosy outside of the village. They yelled to Jesus to heal them and he did. Only one of the ten men returned and gave thanks to Jesus for what he had done. Jesus response was your faith has made you whole. This man had faith in who Jesus was. It is possible to be blessed by God and have no faith. Many people come to Jesus but they don't want to follow him. They just want something from him.

What are you thankful for? We have so much. We think we deserve those things. We take an awful lot for granted. If there was more gratitude towards God, our churches would be full. You should be thankful for what God has done for you. All things work together for good to them that love God.

Evening Bible study 6 p.m.

TURNER RIDGE

Sunday morning, November 23, we celebrated a time of Thanksgiving, the choir shared a special, then Bro. Dale had the children's message, "Say Thank You." He explained to the kids that many years ago our forefathers stopped and gave thanks to God for allowing them to have food to eat. Today we should also remember to say thanks not only to God for the things he blesses us with but to our parents who take such good care of us.

Maddie Lawson read scripture from Psalm 95:1-3 and then Nila & Bobby Harris had special music. The special was wonderful and told such a story, thank you!

Bro. Dale's message "Thanksgiving" from Luke 17:11-19, told of those stepping out on faith, and only the one that returned to say thank you. As the song says, Jesus paid it all, all to Him I owe...

"Enter into His gates with thanksgiving and into His courts with praise, be thankful unto Him and bless His Name" Psalm 100:4

During this season remember to give God thanks for all He has provided and do something unexpected for someone. Pray for your neighbors.

Pendleton County NHS sponsored a breakfast for veterans on Saturday, November 8.

NHS keeps busy by giving back to others

The Pendleton County Chapter of the National Honor Society is happy to announce that they have been very busy this November. They participated in two major events. The first event was on November 5. A handful of students went to Covington to work at the Fairhaven Rescue Mission. Not only did the students get the opportunity to help those in need, but they learned a lot about how a soup kitchen works after getting a tour and asking many questions. It was a really touching and eye-opening experience for all of those involved. Those that didn't work at Fairhaven helped at the veteran's breakfast that the NHS sponsored on November 8. Students said it

was very fast-paced, but that they enjoyed being able to give back to those that served our country. NHS was really grateful to have such a great

turnout. Members of the chapter are enjoying helping out very much and plan to keep being active in the community.

Belcher certain Wildcats can surprise

By Sam McClanahan, Reporter

Former Wildcat standout Keaton Belcher is set to make his head coaching debut tomorrow night as he leads Pendleton County into Scott High to rip off the 2014-15 season.

Belcher, who served as an assistant under former coach Ed Cravens for the past two seasons, is ecstatic to begin the season and eager to get the Cats back on the track to prominence. Following a 9-19 season last year, Pendleton County is looking to notch its first winning season since 2011.

"I feel that our community is a diamond in the rough and traditionally we have had a good basketball program," said the 28-year-old coach. "I have been encouraged by the young men that represent the program. We have high character student-athletes and that makes my job a lot easier. I am excited about the future of Pendleton County basketball," continued Belcher.

Entering the season, the

Cats feature a nice blend of youth and experience. The junior duo of Hunter Wood and Tanner Pugh provide veteran leadership in the backcourt, while senior Patrick McCain and sophomore Michael Antrobus will be counted on to deliver consistent shooting from the perimeter. Senior Hunter Lea will be asked to inject the same physical toughness and intensity at center that has made him a standout on the gridiron, while eighth grade newcomer Dontae Allen will be relied upon to provide athleticism and scoring.

"For us to be successful we'll have to be well-balanced and have solid depth. This team's biggest strength is at the guard position and we have 11-12 guys fighting for starting spots. Our lineup could change multiple times throughout the season," explained Belcher.

Perhaps the biggest obstacle facing the Cats this season will be the ability to compete inside and secure rebounds while limiting the

opposition.

Belcher forses his squad playing an uptempo style that'll play the transition game a lot. The 'Cats will look to run up and down while looking to maximize their possessions and take quality shots.

"We've been picked to finish twelfth in the region and there are a lot of good teams we'll be playing this year. But, I am confident that we will beat some teams that we're not supposed to this year. Our goal is to get back to the regional tournament and I am excited about the challenge to build our program back into a contender," said Belcher.

The Wildcats face Scott High at 7:30 p.m. on Tuesday, December 2. Perennial powerhouse and 2014 state runner-up Scott County comes to town to take on the Cats in the home opener at 7:30 p.m. on Friday, December 5. The team will close out the opening week on Saturday, December 6 as it travels south to clash with George Rogers Clark.

"Hoopin' For A Cure" for breast cancer

The sixth grade Ladycats basketball team and their parents are hosting Hoopin' For A Cure basketball games on December 8, 9 and 11 at Sharp Middle School. Games are scheduled for 5 p.m., 6 p.m. and 7 p.m. each night. This week of games will be dedicated to breast cancer awareness. The players, coaches and cheerleaders will be wearing pink accessories. Fans

are also encouraged to join the pink out! There will be health info available, pink concessions, pink T-shirts for sale, spirit-grams for sale and much more.

The students at Sharp will be participating in a money challenge on December 1-8. A member of each grade level will be drawn on December 8 and given their choice to "pie" the principal or a coach. Local

members of The Kentucky Thorough Breast dragon boat team will be honored this evening as well. The dragon boat paddlers will also have team display. All proceeds from the event will go directly to The Kentucky Thorough Breast organization.

Mark your calendar and support the athletes and community members at this worthy cause.

PCHS to honor three 2005 Wildcat players

The Wildcat Basketball program will retire the jerseys of three of the 2005 Regional Champion Wildcat team - Joey Verax, Tyler Mains and current Wildcat varsity coach Keaton Belcher. The ceremony will be held on Friday, December 5 between the junior varsity and varsity game ver-

sus Scott County. JV tip-off is at 6 p.m. A reception for former players, coaches and family beginning at 6 p.m. in the Pendleton County High School cafeteria will be sponsored by the Wildcat Boys Basketball Boosters.

"We are excited to honor these three outstanding

players for their accomplishments as Wildcats both individually and as part of a team," Pendleton County Athletic Director Keith Smith said.

Join the crowd at PCHS and help give these players back part of the joy they brought their fans in 2005 as they are honored.

Drake Pierce finishes second in meet

Coach David Myers has to be pleased with the start of the season for his new Pendleton County Archery program as Drake Pierce becomes the second Wildcat archer to finish high in the rankings of a meet.

After Clint Moore won the opening two meets, Drake Pierce grabbed second place with a score of

284 out of 300 in the high school division.

Clint was close behind with a score of 280 for fifth place.

Jeff Browning fired a 271 for 15th and Dillon Feltner shot a 268 for 17th.

In the high school girls division, Makayla Bennett was high archer for the Ladycats scoring 275 for

ninth place.

Logan Godman had a top 10 finish in the middle school boys division with a final score of 261 for 10th place. Luke Wessel's score of 249 had him in 19th place.

Shelby Johnson's total of 230 was the highest Ladycat middle school girls' score.

Wildcats bowling team earns first point

In each bowling match, seven points determines is available with a team who earns four or more points winning the match. Four 10-frame team games account for four points. Two Baker's Dozen that has five team members bowling two frames each accounts for two more points. The seventh point is determined by total number of pins knocked down by a team in the six games.

Going into their third match of only their second season, the Wildcat Bowling team had come close but never pulled a point in the 10-frame game. Against Scott High School, led by Dalton Hill's season high 183 and Jonah Smith's 141, the Cats won the first game by 70 pins over Scott High.

They had the lead in the second 10-frame game but Scott past them in the 10th frame to win by 12 pins.

The Wildcats were not done scoring, though, as they took the second second Baker's game with a score of 152. Scott won the first Baker's game and overall pin total to take the match.

Jonah improved on his first game score rolling a 149 to be high Cat in the second game. Robbie Maines had a

strong 133 in the opening game while Caleb Vanorio saw his first action and rolled a 130 in the second game.

Seventh grader Ashton Prater continued to improve as he broke 100 for the first two games of his short bowling career.

On the Ladycat's side, Chyann Utz rolled the high for the night with a 131 as they dropped the match to a tough Scott High team who is undefeated for the year.

"Boys got two points this match for the first time in

school history," coach Gary Polley pointed out. "They were battling every game and giving Scott a run for their money."

He continued, "Everybody was a lot more consistent this week which is what we have been trying to do. We are improving a little each week, so hopefully we can stay on that track."

The bowling teams were off for Thanksgiving and will take on the always-tough Campbell County Camels when they return.

Ladycat basketball reunions to be held Dec. 6

It was 20 years ago when the Ladycat basketball team accomplished what no other Ladycat basketball teams have ever done. Back-to-back 38th District Championships came to Pendleton County High School.

Under Coach Julia Stiles, the 1993-94 Ladycat basketball team won the first 38th District Championship in close to 20 years.

The next season, Keith Smith took the helm, but the Ladycats had the same results as they captured the 1994-95 38th District Championship.

The 2014-15 Ladycat basketball team invites all team members, coaches and family to join with them on Saturday, December 6 during the Pendleton County versus Williamstown game

to honor these two teams.

The junior varsity game will tip-off at 2:30 p.m. with a reception for all team members and families in the cafeteria. The reception sponsored by Ladycat Basketball Boosters will be held before a ceremony directly after the junior varsity game to honor and introduce members of these back-to-back championship teams.

Attorney general want updates to no-call list

By Justin Story

Bowling Green Daily News

Attorneys general from Kentucky and 37 other states are seeking updates to the national rule that regulates telemarketing abuses.

A letter signed by 38 attorneys general, including Kentucky's Jack Conway, was sent this week to the Federal Trade Commission urging the strengthening of the Telemarketer Sales Rule.

The rule, set forth in 1995 and amended three times, established the national Do Not Call Registry, restricts the hours during which telemarketers can make calls and requires telemarketers to get a customer's consent to be charged for a service.

The FTC sought comments this year on the sales rule to determine whether it continues to serve a useful purpose and how it could be improved.

Top law enforcement officials who signed the letter to the FTC have contended with an increase in fraud complaints from people who reported being contacted by telemarketers.

Fraud complaints originating from phone contact have increased in number

and in proportion to all consumer fraud complaints each year since 2011, according to the letter, which cites information from the FTC's 2013 Consumer Sentinel Network Data Book.

The state attorney general's office fielded about 1,300 telemarketing complaints about unwanted calls last year.

"We've received a lot of calls particularly in the last year or so from companies trying to sell medical alerts or people who are calling saying they're selling home security systems and someone is eligible to get a home security system," said Allison Martin, spokeswoman for Conway.

The attorneys general are asking the FTC to prohibit telemarketers from using pre-acquired account information, in which a consumer's credit card information has been passed to a third party and could be used to place a charge against a consumer's account unwittingly.

The letter also asks to expand the rule to better address what is known as negative option marketing, in which a consumer's silence or failure to take action to reject a telemarketer's service or cancel agreement is taken by the telemarketer as accep-

tance of an offer.

Attorneys general also are requesting the rule that requires telemarketers to create and maintain call records and either ban or restrict certain methods of payment.

One problem in Kentucky comes from telemarketers who are "spoofing" phone numbers so that a number shows up on a phone as a local phone number, Martin said.

"It makes it difficult for our offices to find out where the calls are coming from, to punish the offenders who make the calls in the first place," Martin said. "We want to try to cut them off at the front end instead of consumers having to deal with these types of calls."

Local law enforcement contends with reports of scammers who use several methods to reach out to potential victims.

"Citizens need to be wary of anyone asking for personal information, either over the phone or any online chat room," said Officer Ronnie Ward, of the Bowling Green Police Department spokesman. "Be attentive to people asking you to cash checks or sending you a check and asking you to send money back to them."

Temporary and/or Seasonal Electric Service - Rider TS

Availability of Service:

Current: This rider is available at the option of the Customer where Customer's business does not require permanent installation of Company's facilities and is of such nature to require:

- only seasonal service or temporary service, including service provided for construction of residences or commercial buildings, and where in the judgment of Company the local and system electrical facility capacities are adequate to serve the load without impairment of service to other customers; or
- where Customer has need for temporary use of Company facilities and Company has facilities it is willing to provide.

This service is available for not less than one (1) month (approximately 30 days), but when service is used longer than one (1) month, any fraction of a month's use will be prorated for billing purposes.

Proposed: This rider is available at the option of Company where:

- Customer's business does not require permanent installation of Company's facilities excluding service provided for construction of permanent delivery points for residences and commercial buildings, and is of such nature to require only seasonal service or temporary service; or
- the service is over 50 kW, provided for construction purposes, and where in the judgment of Company the local and system electrical facility capacities are adequate to serve the load without impairment of service to other customers; or

Energy Charge per kWh:	
Off-Peak Hours	\$0.05587

Proposed – This rate schedule is proposed to be eliminated. The Company will make all reasonable efforts to contact Rate LEV customers to advise them of their new rate options after the Commission approves the new rates but before they take effect (at which time Rate LEV will terminate). Because Rate RTOD-Energy is the new rate most similar to Rate LEV, the Company will automatically transfer to Rate RTOD-Energy all Rate LEV customers who have not responded to the Company's outreach efforts by the effective date of the new rates; however, the Company will continue to make reasonable efforts to obtain those customers' input even after the rate change.

Economic Development Rider – Rider EDR

Company proposes changes to Rider EDR's Terms and Conditions to: (1) clarify the minimum demand required for the rider to be available to customer; (2) increase the range of certifications that can make a customer eligible for Rider EDR to include the Kentucky Business Investment Program (KBI), or the Kentucky Industrial Revitalization Act (KIRA), or the Kentucky Jobs Retention Act (KJRA), or other comparable programs approved by the Commonwealth of Kentucky; and (3) clarify that no credit under EDR will be calculated or applied to a customer's billing in any billing month in which the customer's metered load is less than the load required to be eligible for either Brownfield Development or Economic Development.

Current:

Company's Budget Payment Plan is available to any residential customer or general service customer. Under this plan, a customer may elect to pay, each billing period, a budgeted amount in lieu of billings for actual usage. A customer may enroll in the plan at any time.

Proposed:

Kentucky Utilities Company also proposes to change the text of the following electric tariffs: Residential Service Rate RS, General Service Rate GS, All Electric School Rate AES, Time-of-Day Primary Service Rate TODP, Retail Transmission Service Rate RTS, Lighting Service Rate LS, Restricted Lighting Service Rate RLS, Special Charges, Curtailable Service Rider CSR10, Curtailable Service Rider CSR30, Net Metering Service Rate NMS, Supplemental or Standby Service Rider SS, Temporary and/or Seasonal Service Rider TS, Economic Development Rider, Low Emission Vehicle Service Rate LEV, Demand Side Management Cost Recovery Mechanism DSM, Environmental Cost Recovery Surcharge ECR, and the Terms and Conditions.

Changes to the Terms and Conditions include the addition of a section on Company as a Federal Contractor, meter placement, proposed clarifications on terms and conditions specific to residential electric service, and expanded options for the Company to provide written notice for discontinuance of service due to nonpayment or non-compliance.

Complete copies of the proposed tariffs containing text changes and proposed rates may be obtained by contacting Edwin R. Staton, Kentucky Utilities Company at 220 West Main Street, Louisville, Kentucky, 502-627-4314, or visiting Kentucky Utilities Company's website at www.lge-ku.com.

Griffin Industries LLC

Plant ID: 21-191-00007 - Agency Interest: 3408

Griffin Industries LLC of 4221 Alexandria Pike, Cold Spring, Kentucky 41076-1897 has applied to the Kentucky Division for Air Quality for renewal of a permit to operate an animal rendering facility at 1176 Bryan Griffin Road, Butler, KY 41006-9668. The plant is classified as a Title V major source due to its emissions of non-hazardous regulated air pollutants.

An electronic copy of the Division's draft permit should shortly become available at <http://air.ky.gov/Pages/PublicNoticesandHearings.aspx>. Official copies of the Division's draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

Division for Air Quality, 200 Fair Oaks Lane, 1st Floor, Frankfort, KY 40601, Phone (502) 564-3999; Division for Air Quality, Florence Regional Office, 8020 Veterans Memorial Drive, Suite 110, Florence, KY 41042, Phone (859) 525-4923; and the Pendleton County Public Library, 801 Robbins Avenue, Falmouth, KY 41040, Phone (859) 654-8535.

For a period of 30 days the Division will accept comments on the draft permit and afford the opportunity for a public hearing. The first day of the 30 day period is the day after the publication of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address or e-mail James.Morse@ky.gov. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the proposed permit. U.S. EPA has up to 45 days following issuance of the proposed permit to submit comments. The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition will be posted at the following website address: <http://www.epa.gov/region4/air/permits/kentucky.htm> shortly after the end of this 30-day comment period.
